

FOR IMMEDIATE RELEASE

AI Film 3 (aifilm3.com) partners with Phoenix DCP (phoenixdcp.us) as Official Digital Cinema Package Converter for AI Film and Art Festival.

Glendale, AZ – AIFilm3.com, the premier festival dedicated to AI-powered filmmaking and art, announced today a partnership with **phoenixdcp.us**, naming them the official Digital Cinema Package (DCP) converter for the upcoming AI Film and Art Festival in Arizona.

This collaboration ensures all films showcased at the festival will be presented in the industry-standard DCP format, guaranteeing a seamless and high-quality viewing experience for festival attendees.

"I am delighted to partner with Phoenix DCP and grateful for the relationship," said PJ Way, Founder of AIFilm3.com. "Dan's expertise in DCP conversion ensures our filmmakers' creations will be presented in the best possible format, allowing audiences to fully appreciate the visual artistry of these AI-driven works."

Phoenixdcp.us offers a reliable and efficient service for converting films into the DCP format, which is the industry standard for digital cinema projection. This ensures compatibility with theaters' playback systems and delivers a consistent, high-resolution viewing experience.

"We are pleased to be the chosen DCP converter for the AI Film and Art Festival," said the CEO of phoenixdcp.us. "We believe in the power of storytelling, and we're committed to supporting artists pushing the boundaries of filmmaking."

This partnership strengthens AIFilm3.com's commitment to presenting the highest quality filmmaking experiences. By collaborating with phoenixdcp.us, the festival ensures optimal visual presentation for all participating films.

The AI Film and Art Festival takes place at AMC Theaters from 31 Oct 24 – 2 Nov 24 in Glendale, Arizona.

Tickets are now available at aifilm3.com/buy-tickets/.
